Parent/carer signature	
Date	

You can see the full version of our admissions policy on our website. We have put a section of the policy on the reverse of the application form so you can see how places are allocated

Noah's Ark Admissions Policy

This is a section of our Admissions Policy. The full policy can be found on the Noah's Ark website.

We arrange our waiting list in order that the application is received and give priority in the following order:

- Emergency/Social Care Services
- Existing four year olds in receipt of their Early Education Funding
- Existing three year olds in receipt of their Early Education Funding
- Existing two year olds in receipt of their Early Education Funding
- Four year olds on our waiting list who are entitled to the Early Education Grant with priority to returning siblings
- Three year olds on our waiting list who are entitled to the Early Education Grant with priority to returning siblings
- Two year olds on our waiting list who are entitled to the Early Education Grant with priority to returning siblings
- Existing children who are paying fees
- Fee paying children with priority to returning siblings.

We would recommend application forms being submitted as soon as possible. An application received during the term prior to your child's expected start date will be considered a late application. We will deal with late applications with the above criteria but only after applications received on time have been fulfilled.

We require parents to take a minimum of two sessions with us.
